WHO WE ARE

A social enterprise turning African ambition into impact

Edfrica is a dynamic social enterprise committed to fostering entrepreneurship and leadership among young Africans. Operating since 2017 and formally incorporated as Edfrica Solutions Limited in January 2025, Edfrica has grown into a five-pillar ecosystem spanning media, technical delivery, education, physical infrastructure, and CSR.

5,000+

Community members

20,000+

MSMEs supported

200+

Technical consultants

₦50M+

Financing facilitated

OUR MISSION

Toward a continent where youth believe and exhibit right entrepreneurial and leadership value.

OUR VISION

A continent with accountable leaders and value-driven entrepreneurs.

From a leadership conference to a five-pillar ecosystem

2017

Leadership Conference anchors our youth leadership focus

2019–21

Ogun SME Conference and Growth Series expand reach into the MSME ecosystem

2022–23

Support delivered to 50+ Entrepreneurship Support Organizations across Africa

2024

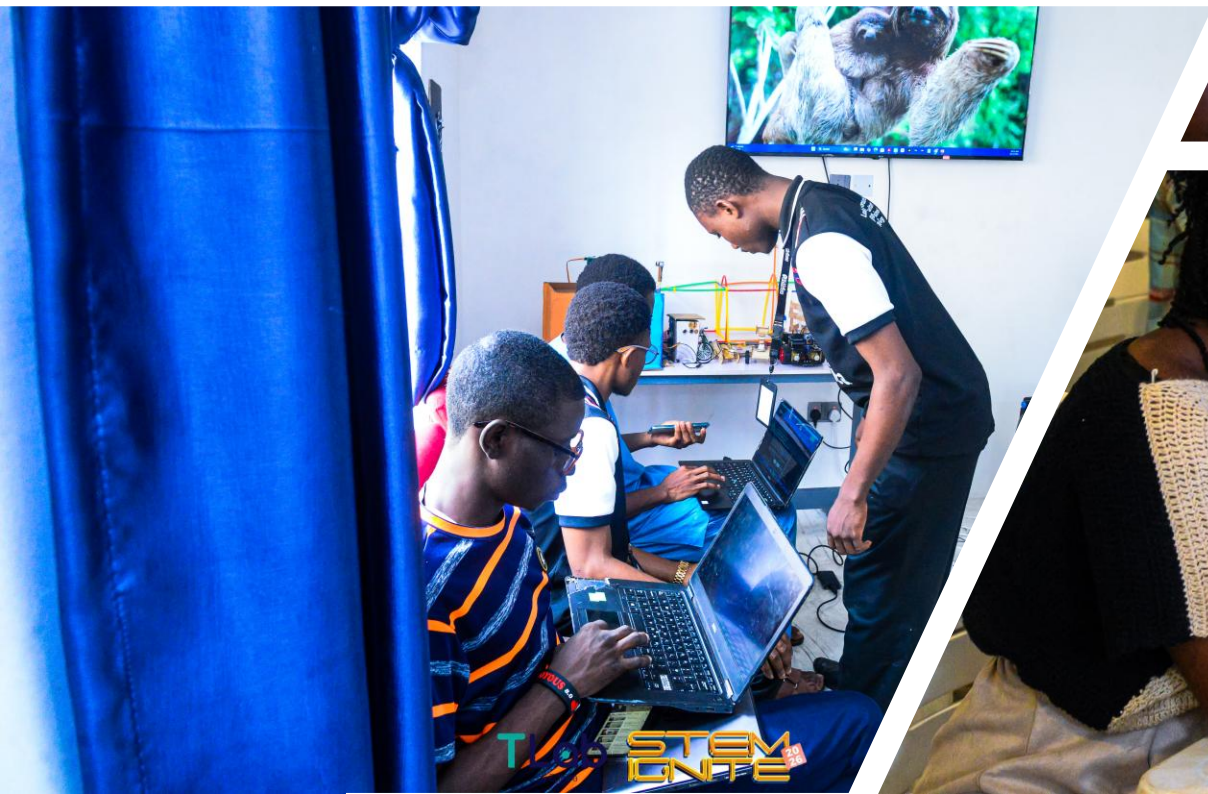

Innovation Hub and business incubation programme launch in Abeokuta

2025

Edfrica Solutions Limited implementing projects and delivering business and digitalization support

2026

Five-pillar ecosystem launches: Institute, TLab, Hub & Foundation

foundation.edfrica.org

Edfrica.org — Africa's opportunity intelligence platform

The leading platform for African entrepreneurs, providing business news, scholarships, tech insights, and funding opportunities across the continent. It is the beneficiary pipeline and dissemination engine for the entire Edfrica ecosystem.

- Curates funding, grant, and fellowship opportunities
- Connects SMEs with vetted business consultants
- Publishes business news and sector insights across Africa

edfrica.org

Reach

25,000+ monthly platform users

Role in the ecosystem

Every other pillar's outreach, recruitment, and beneficiary pipeline runs through this platform.

Edfrica Institute for Innovation & Enterprise

Nigeria's entrepreneurship (ESO) and innovation (ISO) support institute. Headquartered in Nigeria and domiciled locally in Abeokuta, Ogun State, with a regional network across all 15 ECOWAS and Alliance of Sahel States countries.

CAC 8196200

SCUML registered

Operating since 2017

15-country network

WHY EIIE EXISTS

Nigeria's entrepreneurship and innovation landscape is split between institutions with grassroots reach but no technical depth, and consultancies with technical depth but no last-mile presence. EIIE was built to be both at once — carrying a community network of 5,000+ members and 20,000+ MSMEs into the room, backed by delivery standards drawn from World Bank/ECOWAS, GIZ, and GOPA-managed programmes.

ESO — ENTREPRENEURSHIP SUPPORT

- Business development & MSME advisory
- Grant, fellowship & finance navigation
- Incubation & acceleration
- Market linkage & enterprise financing

ISO — INNOVATION SUPPORT

- Innovation hub & co-working infrastructure
- Emerging-tech training: AI, IoT, cloud, data
- STEAM talent pipeline via TLab
- Applied research & digital transformation advisory

PILLAR 02 — INSTITUTE

Services, delivered end to end

Business development

Strategy & operational support for MSMEs

Market assessments

Sector & market-entry studies

Financial analysis & modelling

Feasibility studies & forecasting

Compliance & regulatory support

Registration, licensing, safeguarding

Access to finance

Grants, loans & blended finance

Investment readiness

Due diligence & capital-raise prep

Cross-border market access

Trade facilitation across ECOWAS & Sahel

Acceleration & incubation

Ideation through to scale

OGEII — Ogun Enterprise & Innovation Institute

Our Ogun State chapter, headquartered at The Edfrica Hub in Sokenu, Abeokuta.

PILLAR 03 — EDUCATION

TLab — Africa's gamified STEAM platform for kids

A safe, gamified STEAM learning ecosystem for African children aged 3 to 15, fully COPPA and GDPR-K compliant. Children earn XP and progress through five ranks: Explorer, Innovator, Builder, Creator, and Master Inventor.

WHY IT MATTERS BEYOND EDUCATION

A live COPPA/GDPR-K compliant platform for minors is Edfrica's clearest compliance proof point — directly relevant to any donor call touching child safety or digital literacy.

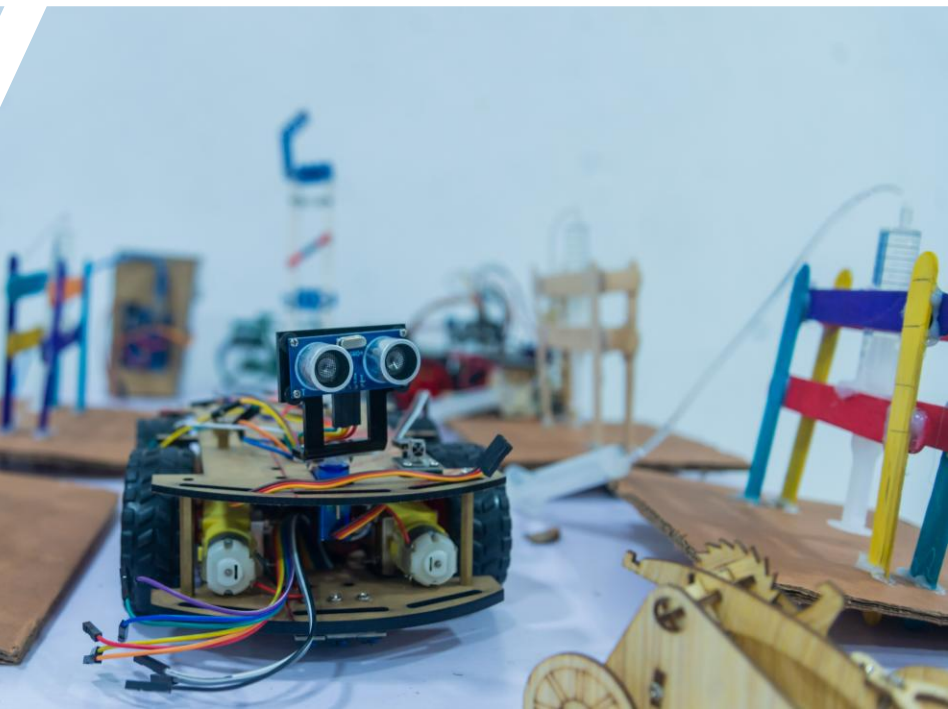

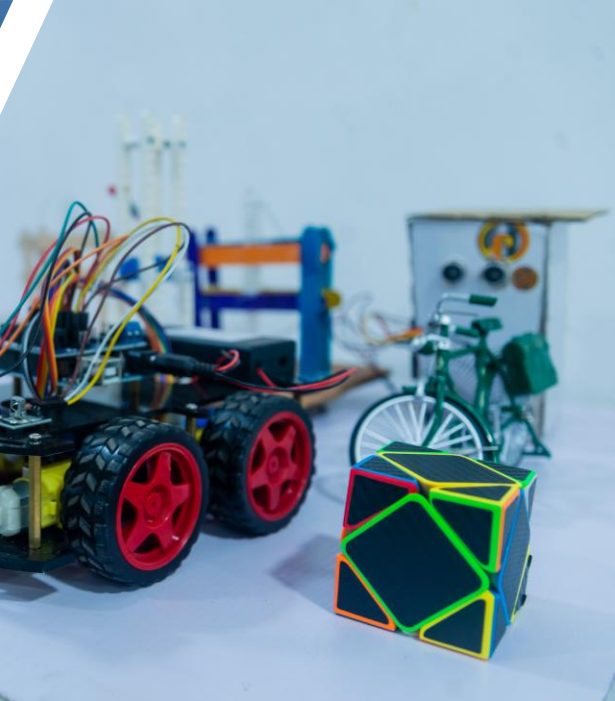

STEM Club

Brain Club

Art & Craft Club

Leadership Club

tlab.edfrica.org

PILLAR 04 — INFRASTRUCTURE

The Edfrica Hub — a physical home for innovation

A physical co-working, training, and event space in Sokenu, off Nawairudeen Road, Abeokuta South LGA, Ogun State — and the operational base for OGEII and the wider Edfrica ecosystem.

Co-working floor

Daily & monthly desks

Training rooms

Workshops & bootcamps

Event & multipurpose hall

Conferences & demo days

Incubation bay

Active venture support

WHO WORKS FROM HERE

OGEII

Ogun chapter of the Edfrica Institute,
headquartered here

TLab

In-person STEAM sessions for hub-
based learners

Independent members

Entrepreneurs, consultants & startups
on flexible plans

PARTNERSHIP

Why organizations partner with Edfrica

NGOs & donors

Leverage an established network of 5,000+ members and 20,000+ MSMEs without building infrastructure from scratch.

Corporates & foundations

Channel CSR and impact investment through a trusted, results-driven platform with measurable outcomes.

Government & public sector

Deploy entrepreneurship and STEM mandates at scale through OGEII, with built-in monitoring.

Academic & research institutions

Co-create curricula and publish applied research through the Institute.

WHY ORGANIZATIONS CHOOSE TO WORK WITH US

- Faster mobilization — no cold-start delay after award
- Lower delivery risk — safeguarding & M&E built in
- Built-in visibility — reaches our existing media audience
- Local plus international standard — GIZ, EU, World Bank-informed practice

LEADERSHIP

The team behind the ecosystem

Team of 12 professionals (50% Female, 10% PWD)
